Read the given passage and answer the questions. Q.3.

> Discipline must be enforced early in life. Discipline at home makes for the future greatness of a boy. It forms his character and makes him a fit citizen. The child who is allowed to have his own way becomes wayward. The child who is allowed all sorts of excesses like running in the sun, exposing himself to the cold, eating unwhole somethings and as a result will fall ill very frequently. A child whose habits have been disciplined and who has been taught to rise early, attend to his lesson properly, take physical exercise at the proper time and avoid things that are injurious will grow up to be a useful member of the society. The spoilt child who has been allowed to run his own course will show vice contacted in younger age. This parents would wish that he had not been born at all.

Questions:

When should discipline be enforced?
